Saint Mary's at Asbury Ridge Employee Tests Positive for COVID-19

November 5, 2020 – Erie, PA – An employee of Saint Mary's at Asbury Ridge, 4855 West Ridge Road, Erie, PA, tested positive for COVID-19. This is the first case of COVID-19 at Saint Mary's at Asbury Ridge since the onset of this pandemic. Following Department of Health guidance, Saint Mary's at Asbury Ridge will revert to step one of the reopening plan and will complete weekly testing of all employees and residents for at least 14 days until no new cases identified. Additionally, all visitation has been canceled until certain prerequisites are met.

Saint Mary's East is currently reporting zero cases of COVID-19.

Our greatest concern is the health and safety of our residents and employees. We will continue to keep you informed. Updates about our response to COVID-19 and the case status in our facilities are being shared at www.stmaryshome.org.
