Saint Mary's & COVID-19: Update #62

Good Afternoon!

A relatively short and sweet update. No new cases of COVID-19 have been identified at either campus this week.

Both Saint Mary's East and Saint Mary's at Asbury Ridge are now open to all visitors. Visitors must continue to abide by the core principles of infection prevention and control – principles such as wearing a mask, washing your hands and watching your distance. Both campuses are also able to resume small group activities, socially-distanced communal dining and socially-distanced attendance at Mass. However, keep in mind, these activities are still restricted to residents only. Visitors must continue to limit their visit to the resident room and/or designated outside areas.

A special note to the families and friends of residents at Saint Mary's East...this will be the last email update you will receive from me. The sale of Saint Mary's East is set to take effect June 1st. At that time, please contact the facility at (814) 459-0621 and they can help direct your inquiries to the appropriate person. Thank you for your patience and understanding during this challenging year; we feel strongly that we are leaving you and your loved ones in good hands.

I hope you all have a happy and safe Memorial Day weekend! Thank you.
